

Staff Code of Conduct:

Staff members shall:

- Respect all members of the school community.
- Be honest with families and students about the students' performance, achievement and wellbeing.
- Be responsible for contributing to, supporting and implementing the school's learning goals.
- Strive for excellence in developing and maintaining a purposeful learning environment that promotes resilience, persistence and recognises and rewards student achievement.
- Show respect for all by ensuring a safe, caring, effective and harassment free environment for all students, staff and parents.
- Respect and care for the profession of teaching by behaving in an appropriate manner.
- Be responsible for sharing roles and supporting whole school activities.
- Use the Australian Curriculum & SACSA framework when planning and programming to establish a teaching and learning environment that is productive and challenging and meets the learning needs of all students.
- Respect and support school and departmental policies.
- Take responsibility for ensuring Performance Management and professional development opportunities are accessed.
